Bad English.

Bad Story.

Bad game. Has potential but.... Bad english, bad level design, really bad (almost absent storyline), almost not worth the 1,24\u20ac I spent on it.. Not recommended. No auto saving, horrible enemy layout, and tries to be a "I want to be the guy" game but flops hard.

. this game has a very good art style (16 bit) and i think it could be a great game but they have got the wrong game idea. This is sort of a speed run game but it is way to hard. I have not been able to finish the second level. I would recomend if you have some spare change save it.

Things this game could improve on would be

= Having an easier start to the game and progresively get harder

= Have more lives instead of restarting everytime

Things this game did well on

= I love the graphics

= I love the magician player model

Overall i give this game a 1/5. Not recommended. No auto saving, horrible enemy layout, and tries to be a "I want to be the guy" game but flops hard.
